# ABOUT VALENS

Mastering Health Solutions since 2005

**Valens International** is a Europe-based manufacturer with over 20 years of experience in food supplement development and production. We specialize in liquid formulations, with a strong focus on **innovative delivery systems** such as sprays, as well as drops and syrups. Our portfolio also includes capsules and sachets, offering flexible solutions for diverse market needs.

Our commitment lies in enhancing health and well-being **across generations**. We develop targeted solutions for children, as well as advanced formulations supporting healthy aging and **overall wellness** for adults.

Our focus on proprietary formulas, **premium ingredients** & clinically supported studies ensures high standards of efficacy and safety. Our production facility operates in compliance with ISO, IFS, and **GMP standards**.

# COMPANY TIMELINE

2005

A team of scientists develops an innovative **water-soluble** form of **Coenzyme Q10**—the world's first-ever CoQ10 complex that enables liquid formulations. Valens brings this innovation to market under the registered name **Q10Vital®**.

2006

The **CoQ10 syrup**, made in Valens shows great medical results and is highly respected at the **Ljubljana Pediatric Clinic**, where it is a vital treatment for children with **mitochondrial diseases**.

2008

First **clinical study** proves the significantly **improved bioavailability** of Q10Vital®.  
  
Valens starts with global marketing of the innovation.

2010

Valens focuses on developing premium food supplements under its own **flagship brand**, redefining the standards of wellness within the Slovenian market.

2015

The first **oral spray**, combining vitamin D3 and K2, is launched and receives a prestigious award for the most **innovative food supplement** in Slovenia.

2026

The company expands its portfolio to include liquids, capsules, and powders, and ranks among the **most reputable brands** in Slovenian pharmacies.

2024

Valens relocates to a **new state-of-the-art facility**, supporting continued innovation and growth.

2020

Valens is the first in the world to conduct a **clinical study** comparing the bioavailability of different forms of coenzyme Q10 in older adults. The results prove that Q10Vital® is **the best CoQ10 form in the world**.

2019

**Clinical study** confirms the **synergistic effect** of CoQ10 and hydrolyzed fish collagen in Valens Collagen Premium liquid.

A **clinical study** confirms the effectiveness of Valens vitamin D3 sprays and highlights widespread deficiency in Slovenia, supporting further research.

2016

A new groundbreaking **clinical study** proves the **anti-aging effect** of Q10Vital® on human skin.
